

NOTICE TO RESIDENTS

September 20, 2017

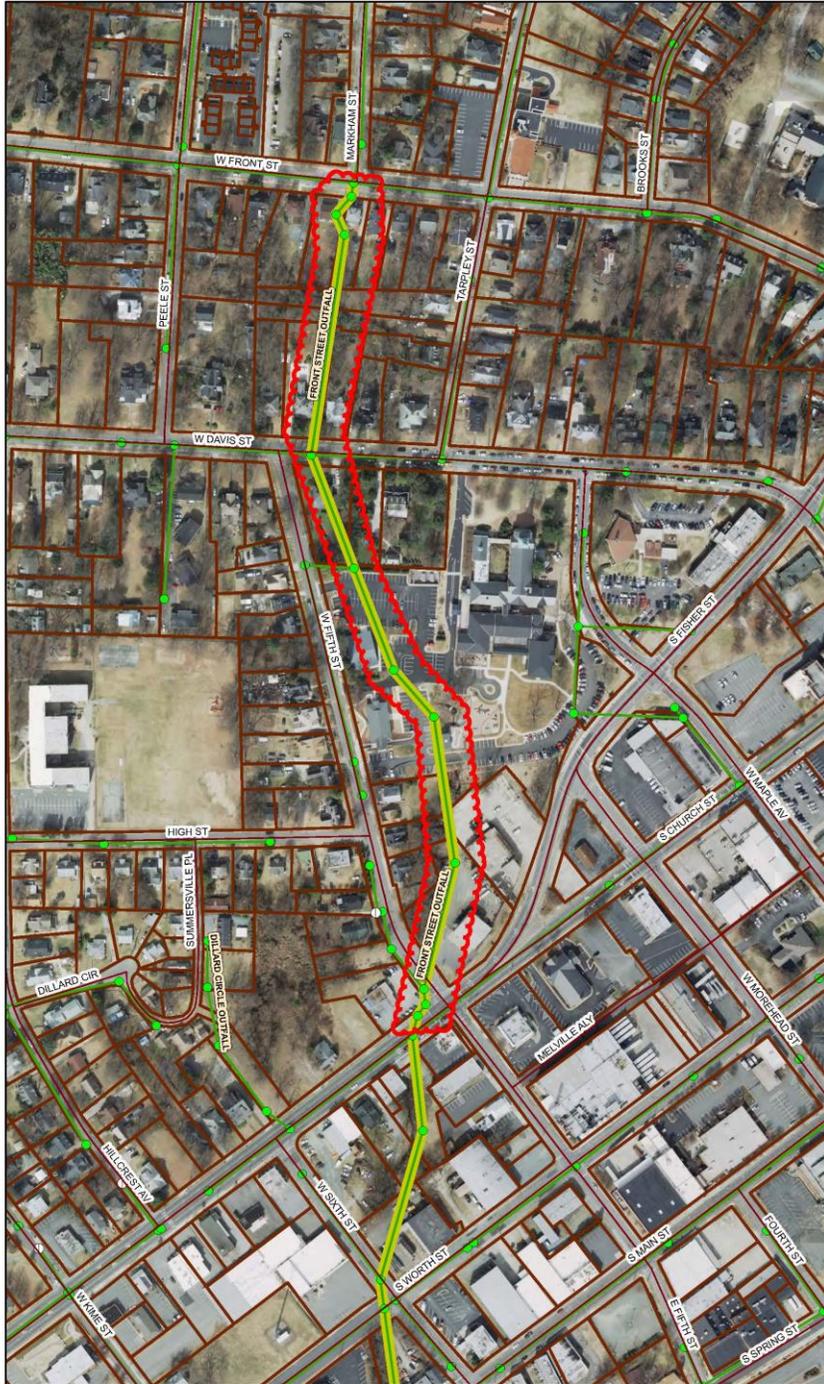

Several areas of the City will have sewer line rehabilitation work completed by City contractor, *Vacvision*, over the next few weeks.

Other areas will have manhole sealing performed by City contractors, *Spectrashield*.

These contractors are hired by the City of Burlington and will be working on sewer outfalls in rights-of-way in specifically identified areas of the City. Please check the maps below to determine if maintenance crews that you see in operation are City contractors.

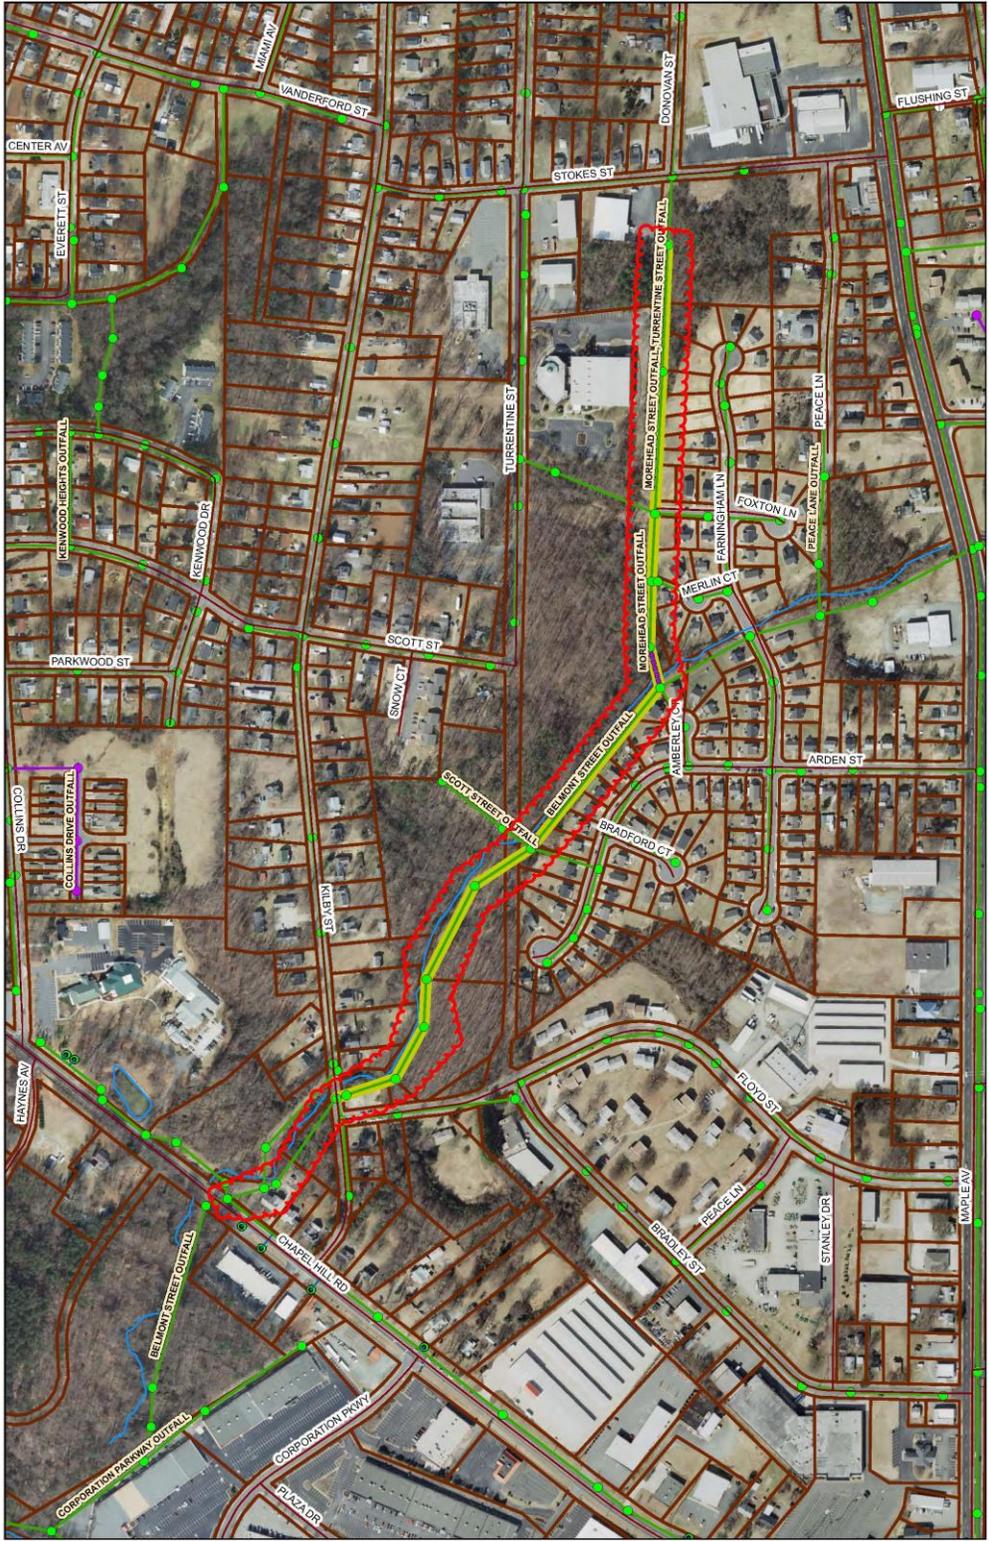

You may call the Water & Sewer Pipe Maintenance Division at (336) 222-5140 if you have questions.
